Paving-Contractor																			
Retaining Wall Construction													█	█					
North Street Overpass Widening																	█	█	

### Additional Comments/Questions:

1.Connector Trail will connect trail from behind City Pool on North Street to Head of Falls. The only segment that needs actual construction is from the pool to Edgemont Street. Other segments will follow City streets and will require paint and signage.

2. Funding - (80%) of Connector Trail funding comes from MDOT "Transportation Enhancement" grant award to City. City is required to match 20% through in-kind services/equip. and contributions (KMTrails).
