Members Present: Peter Garrett, Joel Greenwood, Chris Huck, Jim Wood, Linda Woods, Scott Workman

Scott clarified that he is participating on this team as a private citizen.

On Monday morning (11/19), the *Somerset Explorer* will be launched.

Chris attended a task-force meeting on senior mobility issues. His topic was “How to get seniors to where they need to be?” Very few of those in attendance (mostly state dept officials) knew about the bus service.

The group worked on its presentation for the Waterville City Council. Jim, Peter, Joel, & Scott showed their power points for review.

- Jim’s is a summary of the *Explorer* and its potential.
- Peter’s is about the potential for trails in the area of Waterville Commons.
- Scott’s is on “quality of place.”
- Joel’s is a summary of the potential for growth in the Kennebec corridor.
- We discussed each presentation and revised as necessary.

Action Items:

Linda: Sign up a projector for Tuesday evening

Joel: Add a park & ride slide

Jim: Be sure to refer to the train ride

Scott: Add a round about & bulb out slide

Chris: Send Yogi Berra quotes to Scott
