

Education Team
January 16, 2013
8:30-9:30

Members & Guest Present: Jane Edwards, Melissa Hackett, Robert Gorrill, Elery Keene, Alexander West (guest), Linda Woods

The annual meeting will be facilitated by Mike Kelly, who did the original Catalyst. It will be a brainstorming session, so no preparation is required. Linda will be sending a copy of original report, updated objectives' list, and a reminder about bringing dishes to those who will be attending.

Since WMSt. will not be hosting Earth Day, the Education Team has decided to do something. The preference is one big day full of activities as opposed to stretching things out over several days.

Purpose: to get more people to be aware of the significance of climate change

- Keep this in mind as we chose speakers
- Have information available for people to take
- Try to get media coverage (maybe CATV again)

Various Suggestions:

- Bike/Walk/Run through City (Scott Workman)
- Gardening Workshop
- Composting Workshop (Geoff Hill)
- City clean up (Melissa: Contact Colby person)
- Movie at the library
- Movie at Railroad Square
- Speaker (from Colby?) at the library
- Family-driven activities (Lass's paper making? Jane could read a children's book? collage art? Planting seeds in cups?)

Since so few people were at this meeting, no decisions were made.

The next meeting will be **Monday, February 11 at 8:30 AM at Barrels.**

Agenda:

Follow-up discussion of annual meeting
