I. Purpose & Scope

II. Maintenance Standards

III. Required Maintenance – Structures

IV. Required Maintenance – Yard Areas

V. Required Maintenance - Abandoned/Vacant Buildings

VI. Maintenance After Casualty Damage

VII. Enforcement

VIII. Penalties

IX. Severability
SECTION I. PURPOSE & SCOPE:
The purpose of this ordinance is to set minimum standards for the maintenance of structures and yard areas to protect public health and safety, property values, and to prevent nuisance conditions.

SECTION II. MAINTENANCE STANDARDS:
All structures shall be maintained in a safe, sanitary and non-hazardous condition. Examples of items which may violate these standards include but are not limited to: refuse, household trash, junk, debris, scrap lumber or metal, inoperable machinery or parts thereof, glass, unused or inoperable appliances, worn or unused furniture and two or more unregistered, or uninspected vehicle(s). All means of egress shall be kept in good working order and clear of debris. The exterior of all structures and components thereon shall be maintained to prevent deterioration, so that the appearance thereof shall reflect a level of maintenance ensuring that the property itself may be preserved safely, and that hazards to the public health, safety and welfare are avoided.

SECTION III. REQUIRED MAINTENANCE - STRUCTURES:
Each property owner and mortgagee shall keep all exterior components of every principal and accessory structure in good repair, including but not limited to, walls, roofs, chimneys, cornices, gutters, porches, fire escapes, exterior stairs, windows, doors, and storefronts. All surfaces shall be maintained free from deterioration, including but not limited to, broken glass, loose, or missing shingles or siding, crumbling brick, stone and mortar, and peeling, scaling or deteriorated paint.

SECTION IV. REQUIRED MAINTENANCE - YARD AREAS:
Yard areas include all areas of a lot not covered by a structure. Yard areas shall be maintained in a safe and sanitary condition, including but not limited to, steps, walks, driveways, fences, retaining walls, trees, shrubs and lawn. If any such area or object constitutes a danger to health or safety, it shall be repaired, replaced, or removed.

All fences, retaining walls or similar structures shall be firmly anchored in the ground and maintained in good structural repair.

All lawns shall be maintained free from grass growth in excess of 10 inches (254 mm). All yards shall be kept free of accumulations of trash, garbage, refuse, junk, or other material which may cause a fire hazard, or may act as a breeding place for vermin or may release offensive odors.
SECTION V. REQUIRED MAINTENANCE – ABANDONED/VACANT BUILDINGS:
An owner and mortgagee of a vacant building must adequately protect it from intrusion by trespassers and from deterioration by the weather. A vacant building shall be deemed adequately protected from intrusion by trespassers and from deterioration by the weather if it satisfies the following vacant building maintenance standards:
   a. Building openings. Doors, windows, areaways and other openings must be weathertight and secured against entry by birds, vermin and trespassers. Missing or broken doors, windows and other such openings must be covered by glass or other rigid materials which are weather protected and tightly fitted and secured to the opening.
   b. The owner of a vacant building must comply with all state required building, fire, life safety, zoning, and other applicable codes or ordinances and must apply for any building, fire prevention, and zoning permits necessary to perform work required by this article.
   c. The management of abandoned buildings will be as described in 30-A MRSA 3106-B, as amended.

SECTION VI. MAINTENANCE AFTER CASUALTY DAMAGE:
Any building destroyed by fire or other causes shall be made secure within 24 hours and a permit for demolition or reconstruction shall be obtained within ninety (90) days from the date of the fire or other casualty. Work to either remove or restore a fire damaged building must begin no later than one hundred twenty (120) days from the date of the fire or other casualty. Should the fire or other casualty require further investigation by authorized authorities an extension may be granted by the CEO.

SECTION VII. ENFORCEMENT:
The CEO of the City of Waterville shall enforce the provisions of this ordinance. In the event of a violation, the CEO shall notify the property owner and mortgagee by serving a written notice by mail or by hand delivery. Said notice shall explain the nature of the violation and set a deadline for correcting the violation. If the violation is not corrected within the time allowed, the property owner and mortgagee shall be subject to penalties as set forth in section VIII.

SECTION VIII. PENALTIES:
Any person who violates any provision of this Ordinance commits a civil violation punishable by a civil penalty of $100, which may not be suspended. Each day the violation continues beyond the allotted correction period is a separate violation. In addition, the City may pursue all remedies and relief as provided in 30-A MRSA 4452, as amended. If the owner or other person responsible fails to take corrective action within the time period allowed by the CEO, the CEO may have the corrective action taken and recover the cost in a civil action. If the City’ is the prevailing party in the civil action, it shall be awarded its reasonable attorney fees.
SECTION IX. SEVERABILITY:
If any section, subsection, clause, paragraph, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portions shall be deemed to be a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions hereof.

(Ordinance 178-2019)
Adopted: December 3, 2019
Effective: December 24, 2019
