Session - 129th Maine Legislature

LR 3296
Item 1

**An Act To Implement Provisions Necessary to the Health,
Welfare and Safety of the Citizens of Maine in Response to
the COVID-19 Public Health Emergency**

Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the spread of the novel coronavirus disease referred to as COVID-19 has created a public health emergency; and

Whereas, COVID-19 is a highly contagious and sometimes fatal disease that has infected more than 138,000 people and caused more than 5,000 deaths worldwide, including more than 1,600 infected and 41 deaths in the United States; and

Whereas, in response to this widespread disease, the World Health Organization has declared a pandemic, the President of the United States has declared a national emergency and the Governor of Maine has declared a civil state of emergency; and

Whereas, state and federal authorities, including the federal Centers for Disease Control and Prevention, the Department of Health and Human Services, Maine Center for Disease Control and Prevention and the Governor of Maine have recommended cancellation and postponement of gatherings during the spring of 2020; and

Whereas, the most recommended ways of avoiding infection and further spreading the virus that causes the disease are for the authorities to reduce the number of public gatherings and for people to avoid large crowds; and

Whereas, in an effort to comply with these recommendations, colleges and universities across the nation have suspended their academic years and closed their campuses; professional and collegiate sports teams have placed their seasons on an indefinite hiatus; concerts, conferences and conventions that attract large crowds have been cancelled; and the United States Congress has barred the public from the grounds of the United States Capitol; and

Whereas, municipal leaders seek to ensure public safety by acting in concert with public health guidelines by discouraging large gatherings and also recognize the likelihood of low voter turnout at meetings held, depriving voters of full participation in municipal decisions; and

Whereas, there is no procedure in Maine law to postpone a municipal secret ballot election or nomination process already in progress, and delay of municipal budget meetings will deprive municipal authorities of legal authority to spend and continue operations; and

Whereas, it is imperative that action be taken at the earliest possible moment to allow for continuity of services by municipalities despite the need to postpone meetings; and

Whereas, in addition to the assistance already being provided by the banks and credit unions in Maine, it is imperative that the State respond quickly and in an appropriate manner to the needs of its residents who have experienced a reduction in or loss of income due to the impact of COVID-19; and

Whereas, it is in the best interests of the citizens of Maine to temporarily provide authorization to the Governor to waive certain restrictions, deadlines and requirements and take other necessary measures that allow the State to react quickly, efficiently and effectively to the effects of the pandemic on the citizens of Maine; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

PART A

Sec. A-1. 37-B MRSA §742, sub-§1, ¶D is enacted to read:

For the duration of a state of emergency declared by the Governor pursuant to this section due to the outbreak of COVID-19, and for 30 days following the termination of that state of emergency, in addition to any other powers conferred by law, including those specified in paragraph C, notwithstanding any provision of law to the contrary, the Governor, in consultation with the Commissioner of Education, may implement for elementary and secondary schools a plan to:

(1) Waive the compulsory attendance requirements of Title 20-A, chapter 211 and any rules regarding compulsory attendance, including the minimum number of school days, or allow the compulsory attendance requirements to be met through nontraditional learning systems, including but not limited to remote access; and

Notwithstanding section 1193, subsection 1, during the state of emergency, an individual who is on a temporary leave of absence due to a medical quarantine or isolation restriction, a demonstrated risk of exposure or infection or a need to care for a dependent family member as a result of COVID-19 is not disqualified from receiving benefits during this absence as long as the individual continues to remain able and available to work for, and maintains contact with, the relevant employer.

The rescheduled election must be noticed by a warrant calling the election that is approved and posted pursuant to the Maine Revised Statutes, Title 30-A, section 2523 at least 7 days prior to the date of the rescheduled election.

When a school budget meeting is delayed under this section, the school administrative unit may continue operation of the unit at the same budget levels as were approved for the previous year. Continued operation under the budget for the previous year is limited to the time between July 1, 2020 and the date the new budget goes into effect. A. Beginning ~~April 22, 2020~~ January 15, 2021 a retail establishment may use a recycled paper bag or a reusable bag made of plastic to bag products at the point of sale as long as the retail establishment charges a fee of at least 5¢ per bag.

PART K

Sec. K-1. 22 MRSA §822, as amended by PL 2009, c. 299, Pt. A, §3, is repealed and the following enacted in its place:

§ 822. Reporting

1. Notification by physician. Whenever a physician knows or has reason to believe that a person whom the physician examines or cares for has a disease or condition designated as notifiable, that physician shall notify the department and make such a report as may be required by rules of the department. Reports must be in the

form and content prescribed by the department and the department shall provide forms for making required reports.

2. Reporting by health care facilities. The department may require a designated health care facility, as defined in section 802, subsection 4-A, paragraph A, to report information about its emergency management plans and operations. The department also may require a designated health care facility to report other information, including, but not limited to, daily reporting of the number of available beds within that facility providing residential or inpatient services and for the reporting to be done through an online database approved by the department. The department may adopt rules that designate further information required for reporting emergency plans. Rules adopted pursuant to this subsection are routine technical rules as described in Title 5, chapter 375, subchapter 2-A.

PART L

Sec. L-1. Facilitation of voting for June 9, 2020 elections. Only for the elections scheduled to be held on June 9, 2020, the Governor may take any reasonable administrative actions the Governor considers necessary to facilitate voting by all residents registered to vote in this State in a manner that preserves and protects public health in response to COVID-19. Pursuant to the Constitution of Maine, Article II, Section 4, these administrative actions may include, but are not limited to, issuance and receipt of absentee ballots for the June 9, 2020 elections, as long as those actions are also designed to facilitate participation by all registered voters, protect the rights of those voters and safeguard the integrity of the election.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.

SUMMARY

This bill provides the Governor, on a temporary basis, with additional powers for the duration of the state of emergency declared by the Governor in accordance with the Maine Revised Statutes, Title 37-B, section 742 due to the outbreak of COVID-19 to enable the Governor to reduce the impact of the pandemic.

Part A allows the Governor or the Governor's designee, in consultation with the Commissioner of Education, to:

1. Waive the compulsory school attendance requirements, including the minimum number of school days, or allow the compulsory attendance requirements to be met through nontraditional learning systems, including but not limited to remote access; and
2. Continue to provide nutrition services to students of schools that are closed due to COVID-19.

The authorization in Part A continues for the duration of the state of emergency and 30 days after the termination of the state of emergency.

Part B revises certain unemployment insurance eligibility and benefit charging provisions under the Employment Security Law to protect public health during the state of emergency by allowing an individual who takes a temporary leave of absence due to COVID-19 to qualify for unemployment benefits.

Part C allows for the Department of Public Safety, Maine Emergency Medical Services' Board to delegate functions and authority to Maine Emergency Medical Services staff without requiring rulemaking. This modification will allow for the board to respond quickly to emergencies by convening emergency board meetings and empowering the Director of Maine Emergency Medical Services to undertake specific activities that the board delegates.

Part C also allows the Medical Direction and Practices Board to use videoconferencing and other technologies to conduct its meetings and, until December 31, 2020, to delegate its duties to the statewide emergency medical services medical director and the statewide associate emergency medical services medical director.

Part D affects municipal budgets and elections by:

1. Establishing the prior year's budget as the budget for the ensuing year if an annual municipal budget meeting is delayed beyond the date the annual budget is customarily submitted to the legislative body of that municipality for approval due to public health concerns arising from COVID-19 until a final budget is approved. If a final budget is not approved in a timely manner and the municipal officers determine that property taxes must be committed in a timely manner to the collector, the municipal assessor or assessors may commit property taxes on the basis of the budget deemed approved.

2. Allowing a municipal treasurer to disburse money on the authority of a warrant that is seen and signed by individual municipal officers outside of a public meeting.

3. Allowing the municipal officers to postpone the date of a scheduled municipal secret ballot election when nomination papers have already been issued or filed by posting notice in a conspicuous public location at least 2 days prior to the date of the election. The notice must be signed by a majority of the board and must contain specific information regarding the election.

4. If ballots have been printed for the postponed election, allowing the municipality to use those ballots despite inclusion of the original election date. If absentee ballots have been issued and returned, the municipality is required to use the ballots printed for the originally scheduled election. The municipal clerk is required to safeguard and secure any absentee ballots already returned until the date of the rescheduled election and is required to process them as required by Title 21-A. During the interim period between the originally scheduled election and rescheduled election, the clerk may continue to issue and accept absentee ballots and applications and allow voting in the presence of the clerk pursuant to Title 21-A.

Part D applies retroactively to March 1, 2020 and is repealed January 15, 2021.

Part E authorizes a school board, if, due to the state of emergency declared by the Governor, the level of state subsidy for the 2020-2021 school year is not finalized in accordance with Title 20-A, chapter 606-B before June 1, 2020 or if school board meetings are delayed, to delay a school budget meeting otherwise required to be held before July 1, 2020 to a date on or after July 1, 2020. If a school board elects to delay a

school budget meeting, the meeting must be held and the budget approved within 30 days of the date the Commissioner of Education notifies the school board of the amount allocated to the school administrative unit under Title 20-A, section 15689-B or following the end of the state of emergency.

Part E applies retroactively to March 1, 2020 and is repealed January 15, 2021.

Part F affects licenses and registrations, such as for motor vehicles, all-terrain vehicles, watercraft and dogs, issued by a municipality by extending until 30 days after the end of the state of emergency any registration or license issued by that municipality that expires during the state of emergency. The registration and licensing fees that would have been payable but for the extension are due within 30 days following the end of the state of emergency.

Part F also allows a municipality, without conducting a hearing, to grant a request for a renewal of a license to sell alcohol. This does not affect the ability of a municipality to deny a request for renewal for specified cause and is valid only during the state of emergency and the 30 days following the end of the state of emergency.

Part F also requires the Secretary of State, Bureau of Motor Vehicles and the Department of Inland Fisheries and Wildlife to allow a resident of this State to renew the registration of a motor vehicle, trailer, all-terrain vehicle or watercraft, regardless of whether the municipality in which that resident resides participates in the online registration service maintained by the bureau or department, for the duration of the state of emergency and 30 days following the end of the state of emergency.

Part G amends the Freedom of Access Act to allow entities subject to that Act, not including the Legislature, a legislative committee or the legislative body of a county, municipality or other public entity, to conduct a public proceeding through telephonic, video, electronic or other similar means of communication as long as certain specified conditions are met, including notice of the means of holding the meeting, ensuring that members of the body can speak and be heard by the other members of the body and requiring that all votes are taken by roll call. This authorization applies only during the state of emergency.

Part H provides the Governor additional powers under the Maine Emergency Management Act including:

1. To reasonably adjust time frames and deadlines imposed by law for state, county and municipal governments and other entities when such an adjustment is reasonably necessary to mitigate a substantial effect of the state of emergency;
2. In consultation with the Public Utilities Commission, to suspend the termination of residential electricity and water services during the period of the state of emergency and up to 60 days after the state of emergency is terminated; and
3. To modify or suspend the requirements for professional or occupational licensing or registration by any agency, board or commission if strict compliance with such requirements would in any way prevent, hinder or delay necessary action in dealing with the state of emergency.

These additional powers terminate 30 days after the termination of the state of emergency, except for the suspension of termination of electricity and water services.

Part I establishes the Loan Guarantee Program. The program, administered by the Finance Authority of Maine, provides easier access to no-interest loans for residents of this State, including self-employed residents, who experience a reduction in income due to the state of emergency arising from COVID-19. The program guarantees up to 10% of the loans eligible credit unions and financial institutions make to affected employees. Under the program, affected employees are eligible for up to 3 loans, each equal to their monthly after-tax pay, up to \$5,000, less unemployment benefits. Repayment is due starting 90 days after the end of the state of emergency and during the subsequent 6 months; during that period, interest may not be charged or accrue on the loan. Following the end of the 270 days, a credit union or financial institution that made a loan under the program, after a good faith effort to collect the principal amount of the loan, may apply to the authority for repayment of the uncollected amount of the loan in default. The authority is required to make reasonable efforts to recoup the amount of any payments made to credit unions and financial institutions from the employee who defaulted on the loan. The authority may not make any loans after December 31, 2020 and the program ends once all obligations for payment, repayment or discharge of the loans are satisfied. The bill gives the Joint Standing Committee on Appropriations and Financial Affairs authority to report out legislation to address any funding needs of the program.

Part J delays from April 22, 2020 to January 15, 2021 the requirement that a retail establishment charge a fee of at least 5¢ per recycled paper or reusable plastic bag used at the point of sale. Part J also moves up from April 22, 2020 to March 17, 2020 the date on which the State occupies the whole field of regulation of single-use carry-out bags at retail establishments, but delays until January 15, 2021 the voiding of any municipal ordinance in conflict with state law.

Part K authorizes the Department of Health and Human Services to require a designated health care facility to report specific information to the department, such as the health care facility's emergency management plan and, on a daily basis, the number of beds available within that facility.

Part L authorizes the Governor, only for the elections scheduled to be held on June 9, 2020, to take any reasonable administrative actions the Governor considers necessary to facilitate voting by all residents registered to vote in this State in a manner that preserves and protects public health in response to COVID-19, including, but not limited to, issuance and receipt of absentee ballots for the June 9, 2020 elections.
