3. About the Bags
 - Ross brought samples of bags of the “better quality” choice. (At the last meeting, the group decided on a “less expensive” bag.)
 - Ross would like to see these distributed before the Holiday shopping season. Geoff would like them distributed at grocery stores.
 - The Recycle Shopper charges \$1.71 for bags made out of the country. Bulletin Bag is cheaper if we purchase 1000 with one-sided, one-color printing. Advertising Specialists of Maine is more expensive.
 - Blanche suggests that we order 1000.
