

Energy Team
September 9, 2011
4:00-6:00

Members Present: Greg Hale, Mike Heavener, Ray Huard, John Joseph, Elery Keene, Mike Roy, John Reuthe, Darryl Sterling, Dick Thomas, Tom Tietenberg, Linda Woods

John Reuthe presented a verbal update for August. A written copy will follow.

- 171 consultations as of 8/13
- added 10 new ones by end of August
- 35 coming up in the next 2 weeks
- started pilot program Meadowview in Winslow

John alerted the group to a potential problem relating to the reporting. If the auditors prefer not to use RHA, we might not get the requisite data.

The potential exists for Efficiency Maine to do a post card mailing to Waterville residents.

Tom said Efficiency Maine now has a single phone number system to respond to individual's questions.

John will be meeting with Susan MacKenzie about Colby students doing an environmental science project through SMMRE.

John Joseph summarized his presentation Waterville Development Corporation. A discussion followed about the sequence to use to create a feasibility study.

It was decided to establish a steering committee to meet weekly. John Joseph is the chair of the committee. Greg is the project manager and will take the notes.

Volunteers for the committee: Ray Huard, Darryl Sterling, Dick Thomas, Tom Tietenberg

The next meeting is **Thursday, September 22 at 4:00** in the **IT room**. Someone will notify Linda after each meeting to arrange a place for the following month. Linda will reminders prior to each meeting.

Some meetings will occur electronically.

Action Items:

John: invite Greg Brown, Mike Heavener, Ken Fletcher, Elery Keene, Jeff LaCasse, Gus Libby, Mike Roy to be members of this committee

Darryl: ask for Oakland & Madison feasibility studies

John: ask for Colby feasibility study

Tom: search internet for towns that have district heating systems

John: contact Wulf to obtain a copy of the feasibility study they made & determine where they are in relation to Huhtamak.
